### Project Overview

Replacement Medical Center campus to be constructed on approximately 34 acres of previously undeveloped farmland in Louisville, KY.

**End-user:** Department of Veterans Affairs

**Contracting Entity:** US Army Corps of Engineers

**Designer of Record:** URS/SmithGroup

**Commissioning Agent:** Jacobs

#### Design and construction of approximately 970,000 gross square feet:

- 104-bed, full service (inpatient/outpatient) hospital
- Realigns Community Based Outpatient Clinics (CBOCs) to in-house
- Two parking structures (approximately 2,600 vehicles)
- Laundry facility (to serve Louisville and Lexington Medical Centers)
- Central utility plant and underground utility distribution
- Roadways, sidewalks, perimeter fencing, landscaping, and other site improvements

#### Unique conditions:

- Underground storage tanks (sanitary and storm detention)
- Multi-level, stepped concourse (not atrium)
- Interstitial space – roof courtyards/terraces

**We encourage all subcontractors to attend!**
